

BONAR LAW DIES, ENGLAND MOURNS LOSS OF PREMIER

British Statesman Succumbs
To Attack Of Pneumonia
Early Tuesday.

DEATH IS SEVERE
BLOW TO TORIES

Entered Politics After He
Had Made Fortune In
The Iron Trade.

London, Oct. 30.—Andrew Bonar Law, former premier of England and an outstanding figure in international politics, died early today after a long illness. He was 65 years old last month.

Bonar Law's end was peaceful. He died at 2:30 o'clock, retaining consciousness to the end. His daughter, Lady Sykes, and his son-in-law, Sir Frederick Sykes, were at the bedside.

The statesman had been in failing health for several years but his final attack of illness dates only to last week when he was stricken with pneumonia. He suffered throat trouble complicated with heart weakness.

Bonar Law was forced from the British premiership last May by illness, being succeeded on May 24 by Stanley Baldwin, the present premier.

The former premier's death comes as a severe blow to the Tory party and to large numbers of friends although it was not entirely unexpected. Bonar Law succeeded David Lloyd George in office.

Bonar Law was born in New Brunswick, Sept. 16, 1858, the son of Rev. James Law. His mother was a native of Glasgow. He was married in 1891 to Miss Annie Pittman of Glasgow, who died in 1909. Two sons and two daughters were born to them.

Made Fortune In Iron
Bonar Law had been educated in New Brunswick schools and later at Glasgow. He entered the iron trade and after amassing a fortune decided to go into politics. He was parliamentary secretary to the board of trade from 1902 to 1906, having been elected to the house of commons on the Unionist ticket (Tory) from the Black Friars' division of Glasgow in 1900.

In 1906 he was re-elected to parliament on the Unionist ticket from the Dulwich constituency of Camberwell, serving that constituency four years. In 1911 he was again elected to commons from the Bootle division of Lancashire, representing that constituency seven years.

From 1911 until 1915 he was leader of the opposition in commons. During part of 1915 and 1916 Bonar Law served as secretary of state for the colonies. In 1916 he became chancellor of the exchequer, serving two years. In 1918 he was appointed lord of the privy seal but resigned. Bonar Law was a member of the British delegation to the Paris peace conference.

From 1911 until 1921 Bonar Law was leader of the Unionist party finally relinquishing this post on account of ill health. He rendered valuable service to Great Britain as a member of the war cabinet.

Cellar Flooded,
SUES FOR \$10,000

Mrs. Cooley Brings Damage
Action Against The
City Of Salem.

Mrs. Eliza Cooley of Salem, who states that she has resided in her present home at 281 Evans st. for 40 years, has entered suit against the city of Salem to recover \$10,000 for damages from flooded sewer.

Mrs. Cooley in her petition states that when the house was constructed the drainage was conducted through a sewer along the street. Some time ago the city diverted the storm or surface water along the street into this sewer. As a result the water at times of heavy storms, backed up into the floor of her cellar, causing it to be damp, milky and the fruit and vegetables and causing much annoyance. It has also caused the timbers of the house to become weakened, she alleges.

She has frequently made complaint but so far has met with no response from the city and was forced to bring this action to recover for the damages she has sustained, her petition alleges.

Political Pot Fails To Boil In Lisbon: Campaign Is Quiet

Lisbon, Oct. 20.—Although the municipal election in Lisbon is but a week away there is not a ripple on the surface in the political pot to indicate that there is a single contest in the entire list of candidates.

I. C. Bean, who is running for mayor for his second term on the Republican ticket, is opposed by the Freischuetz. The Democrats have candidates for the office of clerk, treasurer and councilmen, but have nominated no candidates for board of public affairs or town marshal.

Old political leaders here state that they have never passed through as quiet an election.

PAPARODIS BUYS METZGER BLOCK, IMPROVES HOTEL

Proprietor Leases Hotel And
Restaurant; Will Man-
age Building.

Chris Paparodis, for three years lessee of the Metzger hotel, has purchased the building from Mrs. Paul Metzger and took possession Monday.

Paparodis took over the actual management of the hotel after Wallace Trotter sold his interest in the lease. Paparodis, in the last three years, has spent several thousand dollars in improvements.

One of the main improvements was the changing of the lobby to the first floor from the second. Now a handsome front and lobby invite the traveler to the hotel.

The hotel has 85 rooms, most of which have running hot and cold water and a number of baths are to be installed.

Paparodis is not active as the manager of the hotel, restaurant or stores. He has leased the restaurant and the hotel and now acts as general manager of the hotel building.

In the building are several prominent stores besides the LaPalma restaurant. The Flooding drug store; the J. C. Penny Co.; and the A. & P. stores are located in the building.

This transaction of the property one of the largest real estate deals in recent years was handled by Metzger & McCarthy, attorneys for both parties.

Hallowe'en Pranks
Dangerous In Some
Parts Of The City

Young and old who may be preparing to play some harmless Hallowe'en pranks Wednesday night, would do well to confine their activities in sections other than those now being guarded against bomb explosions.

The warning is given by those who are taking no chances with provokers in the vicinity of their homes. It would be dangerous they point out, for Hallowe'en celebrators to be snooping around for they might be mistaken for more dangerous characters.

Ship Disaster.

Capt. Edward H. Watson, U. S. N., who commanded Squadron 11 of the Pacific fleet, from the flagship Delphy, is now on trial, with 19 of his officers, before a general court-martial, in San Francisco, in connection with the wrecking of eight of his vessels, which were piled up on the rocks of the California coast in a thick fog. All the vessels were total wrecks. Several lives were lost. It is admitted the ships were far off their course when the accident occurred.

Many Tributes Paid
Bonar Law's Memory

London Oct. 30.—Many men in public life paid tribute to the memory of the departed statesman.

"I feel the loss of a warm personal friend in the house of commons," said T. P. O'Connor, famous Irish leader. "England is poorer by his death."

CITY'S POLICEMEN AND FIREMEN PLAN BIG INDOOR CIRCUS

Festival Will Be Held In
Former Masonic Rooms
Week Of Nov. 19.

ARRANGE CONTEST
FOR POPULAR GIRL

Funds Will Be Used To Buy
Uniforms And Guns
For Officers.

Arrangements were completed Monday night for the staging of a big indoor circus and Mardi Gras for the benefit of the Salem city police and fire departments the week of Nov. 19 in the old Masonic rooms on Main st.

The festival will be held each afternoon and night of the week, and will end in a grand final awards night on Nov. 24. Prizes are to be given away each night and on the final night a grand prize will be given to the winner of the popularity contest which will be conducted among the fair sex of the city and surrounding communities.

Concert acts, concessions and all entertainments, most of which are free, will be furnished by the Sullivan Baker Amusement Co., the contract having been signed Monday. Many new and novel features are included among the acts that the amusement promoters will bring to Salem.

Firemen and police will be in charge of the circus, which is similar to lodge circuses held in nearby cities, and also similar to the one held in Lisbon last winter under the auspices of the American Legion.

A committee on arrangements has been named and all details will be left in their hands. Plans are being made now to advertise the circus in all towns and communities near Salem.

The purpose of the circus is to raise funds to buy uniforms and guns for the police and fire departments. Both uniforms are badly needed by both police and firemen. And the volunteers now in the departments are old, some of them antiquated. Most of the guns the firemen and policemen purchased themselves.

Funds which are raised for the departments will save the city much money because the needed winter uniforms and guns will be purchased with the money that is taken in at the circus.

Man Injured At Columbiana
Brought To Hospital
Here; May Not Live.

Harry Jewell 40, an employee of the Pennsylvania railroad company, was struck by train No. 9 Tuesday morning while working near Bell's crossing at Columbiana.

The injured man was removed to Salem City hospital in an ambulance. He is reported to be in a serious condition from a fractured skull.

M. Jewell had been employed in Columbiana for the last two weeks and little of his history is known. Relatives of the injured man have not been located. Hospital attendants claim he has little chance of recovery.

Cleveland May Face
Reopening Of Entire
Street Car Question

Cleveland, Oct. 30.—Reopening of the entire street railway question in Cleveland was seen as a possibility today, following the demand voiced by Councilman James McGinty that the allowance for maintenance, depreciation and renewal given to the street railway company be reduced. This fund now shows a balance of more than \$1,500,000, while the "interest" fund, the barometer by which fares are fixed under the Taylor grant has almost entirely disappeared, forecasting an increase of one cent in street car fares, probably Dec. 1. The present fare is 5 cents with a penny additional for transfers.

Bedraggled Jurors Dismissed Following Hike Through Weeds

Lisbon, Oct. 3.—The jurors who were taken to view the property in dispute in the case of Sarah Dellen baugh vs. J. J. Cuddebach, of North Georgetown, had a trying experience, when they arrived near the premises.

Men and women were forced to wade through a half mile of waist high weeds to reach the woodland under a steady pour of rain. All were wet to the skin. Owing to their bedraggled condition when they arrived in Lisbon they were allowed to go immediately to their homes.

Attorneys who contemplate any further trips of like nature are requested to requisition rubber boots and slickers for the jury.

PLANS INDICATE MARDI GRAS WILL BE BIGGEST EVER

Name Judges For Parade
And Contests; Final
Plans Announced.

Everything points to the largest Hallowe'en celebration and Mardi Gras ever held in Salem as final preparations are being made by the American Legion for the carnival of fun which is to be staged under the auspices of the local post as a civic function Wednesday night.

Tuesday the names of the business and professional men who will act as judges for the parade and contests were announced. The judges are: Walter Strain, Chris Paparodis, R. B. Thompson, Robert L. Wright, A. L. Fultz, A. W. Stoner, W. W. Brown, W. Mason, Arthur Stark and Harold P. Braman.

James Bullard has been appointed chief of the firing squad which will be one of the divisions at the head of the parade, which will move at 7:30 p. m. Bullard will select his squad Tuesday night.

The finance committee has met with great success. Salem citizens have responded generously. The committee is still soliciting funds and an effort is being made to interview all business men.

In Thursday's News a complete list will be published of all who made the carnival possible with contributions. Anyone desiring to contribute who has not been solicited is asked to leave contributions at the National bank.

New Characters Appar
Many of the characters in the parade will be seen for the first time in a Salem festival. Spark Plug Walt and Skeezix, Sunshine and many others will make their initial appearance.

Berry pies, some of the nice fresh variety, are of special interest to the boys who will attempt to win the pie-eating contests. Flour covered apples bobbing in a tub may be the downfall of those who have already too much pie.

Salem High sophs are out to win for the second time the trophy cup awarded to them last year for capturing the tug-of-war. And the freshmen are just as sure that they will win the coveted cup. Both rival scholastic factions will choose their captains today.

This last event of the outdoor program which will be held at 8:30 in front of the postoffice, will draw large crowds.

Three more prize awards have been announced by the legion. For the best black face comedian Bloomberg's will give a \$1.50 shirt and for the best colored lady \$1.50 in merchandise. For the best Indian princess \$2.50 in merchandise will be awarded by the Springfield-Holzwarth Co.

Cold Run Water System Will End Waste In Present Plant

Her Parents Prefer Normal Daughter
To A "Chi'd Wonder"

Viola Mitchell is Pittsburg's 12-year-old child prodigy, whose parents are forcing her to live a normal girl's life when she might be rich and famous.

On a recent trip to New York with her teacher, Miss Margaret Horne, she played her rare Guarnerius violin before Prof. O. Sevik, teacher of Kubeik and other prominent violinists.

"She is marvelous! At 20 she will be another Maud Powell!" he exclaimed.

Immediately Viola was besieged with vaudeville offers.

But her father and mother, Dr. and Mrs. Atlee Mitchell, refused them all and took their daughter back to their Pittsburg home, where she is kept away from music for all but a short time each day and told to go out and play with other girls.

"Better a normal, happy daughter than a thousand pale-faced 'child wonders,'" is Dr. Mitchell's motto.

VETERANS BUREAU PROBE GOES BACK TO WILSON REGIME

Washington, Oct. 30.—Senatorial investigators of the United States veterans' bureau delved into history today in their quest for further evidence of waste, mismanagement and corruption in the conduct of the bureau.

Turning away temporarily from investigation of the acts of Charles R. Forbes, director of the bureau under the Harding administration, the committee turned the spotlight today on some of the transactions negotiated in the closing days of the Wilson administration.

The deal the committee was particularly curious about was the one in which E. L. Morse, Missouri political leader sold the government a hospital site at Excelsior Springs, Mo., and a peculiar form of contract. The public health service condemned this transaction, but notwithstanding this the purchase price was later increased to \$13,900.

An air of mystery was added to the case when it was revealed that some important documents concerning it have disappeared from the government's files. The missing documents include the government's copy of the contract, written in the form of a "letter of agreement" signed by Morse and former Secretary of the Treasury Ewing La Follette, who was in charge of the war risk insurance.

Instead, investigators found a paper, purported to be signed by Morse which showed a \$13,900 variation in the purchase price originally agreed upon and the one finally written into the contract.

Testimony already before the committee shows that former Secretary of the Treasury Houston approved the deal as one of his last official acts. The negotiations, however, were carried on through La Follette.

Klan Making Plans
For Salem Conclave

While no definite action was taken in the matter Monday night it was found that larger quarters will have to be secured to accommodate the Knights of the Ku Klux Klan organization in this city. Many of the klansmen could not gain entrance to the rooms Monday night and were turned away.

At that meeting announcement made that a special meeting will be held at the headquarters Tuesday night, when plans will be made for Salem's konklave to be held here Nov. 17.

BRISTOL EXPLAINS HOW NEW PROJECT WILL SAVE MONEY

Lower Operating Cost Will
Pay For Second Step To
Complete Plant.

WILL END APPEALS
FOR BOND ISSUES

Must Spend Thousands On
Present Plant If This
Issue Fails.

In the following financial review of the waterworks problem, Service Director J. B. Bristol gives an estimate of the cost of operating the proposed plant at Cold Run, including the retirement of the bonds to be voted on next Tuesday and the additional bonds to complete the entire project.

Cost of operation of Cold Run pumping station: Labor, \$7,000; cost of power, \$12,500; cost of filtration, \$2,000; total for pumping station at Cold Run, \$21,500.

Overhead and distribution, \$13,000 (the same as at present) \$13,000, total cost, \$34,500.

Present outstanding fixed charges (bonds and interest, \$18,000 per year; interest on proposed \$300,000 bond issue at 5 1/2 per cent, \$16,500; payment of principal, \$12,500; total for \$300,000 issue, \$29,000 per year.

Interest on \$200,000 waterworks bonds, \$11,000; payment on principal, \$8,000; total for \$200,000 issue, \$19,000 per year.

Operating expense, \$34,500; retiring present bonds and interest, \$18,000, reduced to \$13,000 in 1925 by the expiration of bond issue of 1912; \$300,000 bond issue retirement, \$29,000; total yearly expense of new plant, \$95,500.

Total revenue based upon income of 1922, \$68,000; tax levy of 2 mills to cover \$300,000 bond issue based upon tax duplicate of \$14,500,000, \$29,000; surplus, \$1,500.

Saving Of \$13,500 A Year
These estimates are based upon prices for labor and material as prevailing today.

A comparison of the present cost of operation of \$48,000 against \$95,500 of the proposed plant will show a savings of \$13,500 a year in favor of the new plant.

The completion of the first step in three years will allow of the saving of the \$13,500. The bond issue of 1918 will expire before completion of the first step, thereby effecting a reduction of \$5,000 per year now chargeable to bonds and interest. This, together with a saving in the cost of operation of the new plant will make a total of \$18,500 available annually to finance the second step. This amount will capitalize \$200,000 at 5 1/2 per cent interest and retire one-twenty-fifth of the principal each year.

The above demonstrates that the waterworks department can finance the second step of the Cold Run project without resorting to any additional tax levies.

Should the consumption of water in Salem increase 40 per cent, this increase can be provided without additional cost of operation and the 40 per cent increase in income would pay for all the bonds and interest of the \$300,000 bond issue.

There will be a satisfaction in knowing that once Salem has completed its plan, the bonds being paid off each year will not be offset by bonds being floated continually for things that will have been abandoned years before they have been paid for.

Paying For Dead Horse
For instance, the \$50,000 bond issue of 1916 runs for 25 years, yet \$29,000 of the improvement made with this money was abandoned in 1921, yet it will be 1941 before these improvements are paid for. In addition to the \$32,000 principal there are thousands of dollars of interest.

The whole of this \$32,000 expense can be laid directly to the door of the well system. Is it any wonder that the water rates in Salem are high? Or that the debt is as large as when the plant was acquired in 1911?

A coincidence also appears. The bond issue of 1916 was followed by two 25 per cent increases in rates, the bond issue of 1918 by a 25 per cent increase in rates.

Much of the money derived from these increases has gone toward paying the additional bonds and interest caused by these bond issues of 1916 and 1918. The rate has increased 95 per cent, or an income of \$36,000 per year of which \$9,000 goes toward paying these two bond issues and is really chargeable to supply water.

This \$9,000 represents one-eighth of the total income of the waterworks department. Nor does this take into consideration the additional sums spent from revenue to maintain this well supply.

Will End Waste
Nor can this expense be laid to mismanagement. The superintendent of the waterworks department works with what he has and what additional council can furnish the main ob-

That Body of Yours

By James W. Barlow, M.D.

IS SHOCK SERIOUS.

You have struck your finger nail with a hammer, have cut yourself severely, have perhaps a severe attack of diarrhoea, or have witnessed else. The cold sweat stands out on your forehead, your temperature goes some seven degrees to some one down, your face is pale and anxious, and you have a weak, all gone feeling.

Perhaps you feel like vomiting, and you sink exhausted to the floor.

Now this is not a fainting spell. This is "shock."

Shock is a serious thing, but is usually not hard to handle, if you have any one with you.

You see as I said once before the blood has all left the surface and is busy inside.

Now the whole idea in treatment is to cause a "reaction." It is a reaction does not come soon you may be in for a serious time, in fact as you know, death may ensue from simple shock.

You have read very often about "chock" killing people where the injury was not even serious.

And so you must do all the things that will correct the symptoms.

First, heat is your big standby. Heat is life. The hot water bottle has been a wonderful help to people in many ways but in no way is it more effective than right here. Use one two, or even three hot water bottles about the spine and abdomen.

In the old days they heated the flat irons, covered with a piece of blanket.

Even hot bricks are very effective, when available.

Keep on the back, with the head if anything just a little lower than the rest of the body.

It is not usually wise to give anything by the stomach, until there is some slight sign of reaction. Heat is the big factor here also, so very hot coffee or beef tea may be used with food effect.

Don't be in a hurry to get on the feet again.

The system has received a severe blow as it were and rest for a half hour, or even longer is wise.

Shock is one place where a stimulant is indicated, and there should be no hesitancy about giving it.

TO RELIEVE PAIN AND BACKACHE

Women May Depend upon Lydia E. Pinkham's Vegetable Compound

Minneapolis, Minn.—"I had heard so much about Lydia E. Pinkham's Vegetable Compound that when I realized I needed to take something to relieve my pains and backache, and to help build me up I began to take that. I had been sick off and on for years and barely weighed a hundred pounds, but now I have had such good results that I am recommending the Vegetable Compound to every one."—Mrs. J. J. "Every woman who values her health should be proud to have a true friend like the Vegetable Compound," says Mrs. W. E. Shaw, 3227 Walnut Street, Chicago, Illinois. "I had female weakness so badly that I could not stand on my feet. Half of my time was spent in bed and I had pains in my back which were unbearable. I tried everything I could think of to help myself and when a friend advised Lydia E. Pinkham's Vegetable Compound I began taking it at once. I recommend it without hesitation."

Little Legislation Needed

REPORTS that come to Washington from different sections of the country indicate a desire that congress shall do little in the way of legislation at the coming session. The last congress enacted more constructive legislation than any other in history, particularly legislation demanded by the farming interests, and it is felt that the industries of the country should be given opportunity to adjust themselves to present conditions without being harassed by changes or threatened changes.

The transportation problem is one of the most important before the country today. There are some who would make this a subject of legislation, but the more general opinion is that no legislation whatever is needed. The only complaint is that regarding freight rates, particularly on wheat. There is no charge that the railroads are earning an exorbitant profit. In fact it is generally admitted that the profits are too small to invite money into railroad investments. But though there is no complaint that the railroads are earning too much, farmers want freight rates on wheat reduced and rates on some other commodities raised to make up for the reduction on grain. All this, however, is a matter of administration under the Interstate Commerce Commission and requires no legislation.

Taxation is another important subject discussed by the public, and leaders in both the legislative and the administrative branch of government are considering whether legislation on that subject should be undertaken at the coming session. There is no dispute as to the desirability of reducing taxes. There is doubt, however, whether it will be practicable to make a reduction during the coming session. It is deemed certain by many that a bonus law will be enacted and whatever the nature of the bonus, a material increase in public expenditures will be necessary. If a bonus law is to be enacted there will be an increase rather than a decrease in taxation. Those who believe that a bonus law will be passed discourage any effort to revise the tax laws. It is admitted that under the present scale of government expenditures a very material reduction would be made in income taxes, but the Treasury department, who is supposed to be a bonus law and who seems to assume that no such law will be passed, is working on a revision downward of income tax rates.

Members of congress who are of the internationalist turn of mind and who believe that the United States should "do something for Europe" will probably have measures to present proposing something definite in the way of extension of federal aid to nations across the Atlantic. What these measures will be is as yet unknown but there seems to be a general view that legislation of this kind should not be passed. It is felt that encouragement of the idea that Europe can look to America for support will retard rather than hasten the return of European industries to the path of peace.

Although Democrats for purely partisan reasons are still attacking the Republican tariff law and will perhaps urge changes in tariff rates, there is a general feeling throughout the country that with practically all industries operating at full capacity and more jobs available than there are men to fill them, reopening of tariff discussion would do much harm and could certainly do no good. It is felt that with prosperous conditions in most lines of industry, the less legislation or agitation for legislation, the better it will be for the country.

Sure Thing.

The faculty of Hollywood High is still looking for a certain young man whom they firmly believe may come May be president.

It happened in the auditorium, where one of the teachers was lecturing on California reptiles, regarding one of which he remarked, "this snake is said to strike with mathematical precision."

"Must be an adder," cried a voice from the back of the hall.—Los Angeles Times.

"WINE" WAS SPRING WATER

An Explanation of the Split Between
Marshal Wu and Gen-
eral Feng.

The Peking correspondent of Kol-
nische Zeitung reports that everyone in
China talked of this summer's civil
war as confidently as a Russian peas-
ant talks of the next vintage.

He considers Gen. Feng Yu Hsiang
a coming man, and gives this curious
account of his alleged break with Mar-
shal Wu Pei Fu, whom he supported
against Chang Tso Lin in last sum-
mer's civil war.

It seems that Marshal Wu Pei Fu
was having a great birthday celebra-
tion. His entire camp was en fete.
Such observances are always important
in China, and in case of prominent
leaders are the occasion for political
demonstrations and the laying of polit-
ical plans.

Wu Pei Fu is a "lover of good
liquor." His Christian lieutenant, Gen.
Feng Yu Hsiang, is a total abstainer
and a prohibitionist. Indeed, his army
of roundhead followers is as white rib-
bon as himself. Among the gifts to
the marshal were naturally many cases
of wine, and especially of Chinese
spirits distilled from rice.

When these were opened at the mar-
shal's birthday banquet, it was discov-
ered that the offering from the Chris-
tian general contained good spring
water. This caused some irritation,
and, added to other differences, has
made the two leaders enemies.

COOLIDGE HOPEFUL FOR REPARATIONS

Washington, Oct. 30.—President Coolidge considers that "a hopeful avenue of action" has been opened up in the reparations situation by the agreement of the allied powers and the United States for a conference of experts to analyze Germany's resources and capacities to pay.

Official announcement to this effect was made at the White House this afternoon following a long session of the cabinet at which the European situation was discussed.

The reservations with which Premier Poincaré had hedged about France's acceptance of the plan are not considered by President Coolidge to constitute any insurmountable barrier to success of the undertaking.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants For Insurance Often Rejected

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

LIVERPOOL NOW AMONG TITLE RACE LEADERS

Wellsville Showing Great Strength As Contender For Championship.

There still remain three unbeaten teams in the county race for the title that signifies gridiron supremacy. But these three teams are not the game three in the race last week. And here is why.

Salem High met defeat at the hands of the East Liverpool eleven unexpectedly. So East Liverpool exchanges places with Salem and with Leetonia and Wellsville is out to cop the title.

The Salem High-East Liverpool High game was the only county game scheduled Saturday. And it was the only upset. But county teams participated in several good games.

Wellsville came from behind and held the fast stepping Bellaire team to a 0-0 tie. The Bellaire eleven looked upon as a superior team.

LEETONIA INVADES SALEM TERRITORY FOR ANNUAL GAME

Richtman's Team Hoping To Win From Shupp's Squad Here Saturday.

Leetonia's unbeaten team in the county race invades Salem High territory Saturday with great hopes of continuing its winning streak and keeping its record clean.

But Leetonia may find a tartar in the Red and Black. Coach Richtman's team is due for a comeback after the loss of the Liverpool game. And it would occasion no surprise if Salem would take Coach Shupp's fighting team into camp.

Leetonia possesses what East Liverpool had in the way of attack, namely a combined passing, line smashing and end running attack of the highest degree of perfection.

An attack of this kind, where the team does not depend on any one style of play to advance the ball is very hard to stop. The quarterback has any amount of varied plays to pull and generally the unexpected happens.

Salem High has a team that has been so far, fairly good on diagnosing the offense of their opponents. Salem's weakness has been in its own offense. So with Vollmer, star center, and Sartick, an end without peer, in the lineup, a different story may be told than Leetonia hopes for.

Coach Richtman this week is pushing his men hard. More pep and snap are noticeable. To redeem themselves in the constant thought of every man. Hopes that Salem High can be designated as the "fighting Red and Black" are foremost in the minds and hearts of the players and all supporters of the Quaker City team.

There will be a doubleheader Saturday. Columbiana High plays the Salem High seconds before the Leetonia-Salem game. The preliminary game will start about 1:30.

KNITTING PLANT SEEKS LOCATION

Cleveland Company Would Move Its Factory To Columbiana.

Columbiana, Oct. 30.—S. Neuger of the Quality Knitting Mills of Cleveland, was in Columbiana Friday conferring with citizens relative to establishing a knitting factory in the town.

The industry in Cleveland is a going concern and the company find it impossible to increase the plant in that city because of the difficulty in securing girls to operate machines. Mr. Neuger stated that if a suitable place could be located he could employ 50 girls and work would begin at once after installing machinery.

Several propositions are under consideration as to a place to operate the new industry. The Merchants association has the matter under consideration and upon the return of the promoters will make more definite plans regarding the new plant. The new concern will devote its production to sweaters.

The product from the Cleveland mills are all ready for sale in the stores of Columbiana.

Masquerade Party
Thirty-five members of the L. L. class of the Presbyterian church held a Halloween masquerade party at the home of one of their members, Mrs. H. L. Huston, North Elm st. Friday evening. The rooms were tastefully decorated with seasonal colors. Those attending presented some very unusual togery. C. Wilkinson by request appeared with his camera and took a flashlight. A committee served refreshments. The women of the class recently contributed \$500 toward the building fund of the church.

Personal Notes
H. L. Huston spent several days in Pittsburgh on business last week. Mr. and Mrs. F. A. James left Saturday for St. Petersburg, Fla., where they will spend the winter. Rev. C. S. McGrath and J. V. Ester-

VILLAGE TO VOTE ON SCHOOL BONDS

Columbiana, Oct. 30.—A new bond issue to provide for completion of the new high school building will be voted on by Columbiana people at the election, Nov. 6.

About \$10,000 will be needed to complete the building, board officials say. It was at first intended to postpone the vote on the bonds for a year or more, but it was recently decided by the board to complete the building as soon as possible and to take a vote on the issuance of the bonds at the coming election.

Vitality and Strength Follow This Advice

Cambridge, Ohio.—"As I look back I wonder how much sickness I could have avoided, had I known of and taken Dr. Pierce's Favorite Prescription when I first showed signs of nervousness and a decline in strength. I was willing to try anything that was suggested to me and did try many things, but none seemed to reach the seat of the trouble or do me any good. At last I heard of Dr. Pierce's Favorite Prescription, when my condition was very low, and its tonic strengthening effect was felt before the first bottle was entirely used, by increased strength and cheerfulness of spirits. I continued taking it until I had used six bottles, when there was no need for me to use it further, as I was a well woman."—Mrs. E. A. Stevens, 405 S. 3rd St.

Obtain this "Prescription" of Dr. Pierce's now of your nearest druggist, in tablets or liquid, and start on the high road to health and good looks. Write Dr. Pierce, Pres. Invalids' Hotel in Buffalo, N. Y., for free medical advice.

HADN'T THE PEP TO GET UP AND DRESS, HE SAID

But the Old Reliable Builder, Nerv-Worth, Soon Restored His Vigor.

It is useless to give up hope and surrender to depressed feelings when Nerv-Worth will build you up so quickly. Proof that it will do this is found in hundreds of statements from satisfied users, one of which, written by J. E. Wilson, West Poplar St., Sydney, Ohio, says: "I had nervous indigestion, and couldn't sleep at night."

Sold and recommended by Bennett's and Treats'.

I would wake up in the morning so tired and listless that I hardly had enough pep to get on my clothes. I have used Nerv-Worth only two weeks, and I am greatly improved. At this time of year, many people feel depressed and feel the need of a tonic. If the reader feels that way, let him choose Nerv-Worth for his tonic. If, after you have taken your first bottle, you are not pleased, your druggist is authorized to refund your money. Sold by all leading druggists.

ISSUE 1924 AUTO TAGS NOVEMBER 20

Columbus, et. 30.—Distribution in various parts of the state for 1924 automobile license tags will total 200, according to announcement by Chalmers R. Wilson, state registrar.

Nov. 15 had been fixed by Secretary of State Thad Brown, that official stated, as the date for the first distribution of 1924 license plates, but the work will not be started until Nov. 20 it is now stated, due to the necessity of working out minor details before the rush begins.

Under the provisions of the new law it is necessary that each of the 88 counties have at least one local registrar and that a local depository be designated for funds from sale of tags.

The tags are being manufactured at the penitentiary and will be ready by Nov. 20, Wilson assured.

IRVING OFFENDED SOCIETY

But Author of "Knickerbocker's History" Became So Famous He Couldn't Be Ignored.

Society's hauteur and pride in ancestry inspired Washington Irving to write his "Knickerbocker's History," which lacerated the sensibilities of the ancestor-worshipping New Yorkers, writes Mrs. John King Van Rensselaer, in the Ladies' Home Journal. Eventually Irving's fame became so great that the social system was obliged to accept the man who had affronted it.

Society's association with Irving did little to make it think more kindly of the professional writer. He was a moody man, subject to fits of sullen depression caused, the romantic said, by the death of his betrothed, Matilda Hoffman. He never married, and her picture always stood at his bedside. It is now in the New York Historical society.

English authors carried on the work of making their profession socially unpopular. One of the first of these to come to New York was Thomas Moore, then at the height of his fame. He was a lofty and superior little man, patronizing in his pleasant moments and at other times surprisingly rude. He snubbed New York society, which had welcomed him.

Dickens and Thackeray did nothing during their American tours to re-establish literary men in the good graces of society. They were scornful and caustic toward American institutions, even American aristocracy.
